MOVING FORWARD FOR ALABAMA'S CHILDREN

Please join Alabama Children First and the Department of Early Childhood Education for the 4th Annual Children's Policy Conference!

Each year Children's Policy Council members and child advocates come together to discuss their challenges and how to take the next steps for Alabama's children. Now, we are poised to move forward in improving the lives of our state's children. Conference presenters will share how to gather the data, funding and resources needed for county programs. Also, there will be discussions regarding the 2020 Census, child mental well-being, foster children, and a special presentation from Governor Kay Ivey!

We look forward to seeing you August 2nd!

Topics Include:

- » Important Role of Alabama's CPCs
- » Positive Outcomes for Foster Children
- » Child Mental Well-Being
- » Suicide Prevention
